DESCRIPTION:
In Poly's second biannual exchange with a school in Argentina, Poly students will have the opportunity to experience life as a high school student in the city of Córdoba through a homestay with an exchange student’s family. Participants will gain an appreciation for Argentina's rich history, with a focus on the events of the '70s and '80s, also known as the “Dirty War.” Through site visits and interactive experiences, the group will explore what happened during those years, what Argentina has done to come to terms with its recent history, and where they stand today. We conclude our journey spending three days in the cosmopolitan city of Buenos Aires, where we will have the chance to appreciate its diversity and enjoy its vibrant cultural landscape and the warmth of its people.
